## **Case Study**

## **Specialist In-patient Services Mental Health Unit**

Services provided by gbpartnerships consult: Visioning and Design Brief

Services	Low Secure, Learning Disabilities, Crisis Assessment & Treatment, PICU	Floor Area	6,000 – 7,000 sqm
		<b>Cost (construction)</b>	TBD
Healthcare/ community benefit	Colocation and reprovision of improved mental health services for the population of Caerphilly, Monmouthshire, Newport, Blaenau Gwent, Torfaen and South Powys	Design features	Four separate service units around shared communal and support areas within compact building form; access to secure external spaces
Location/Context	Rural Wales	Challenges / Opportunities	Tension between specific service needs (clinical) and desire to share space to reduce building size (estates); access controlled zones behind open welcoming front of house; common beck of house service zone
Developer/owner/ provider	Aneurin Bevan University Health Board		
Team	gbp consult		
Procurement	Competitive through Welsh framework
