SEA CADETS, ON THE WATER 2022

For the second year running, gbpartnerships foundation supported Sea Cadets with their On The Water programme 2022. The programme provided 1,384 young people with the opportunity during their summer holidays to make new friends, learn new skills, build their confidence, increase their health and wellbeing, have fun and leave with a recognised sailing qualification at the end of the programme.

Funding for On The Water 2022 was provided by 13 corporates and charitable trusts, including gbpartnerships foundation and the 3 LIFTCo's: NLEP, BDH and LSHP. This funding meant that participants did not face any financial barrier to participation.

Community groups located around the LIFT Estate in London and Liverpool were engaged with to support promotion and up-take, with promotional materials placed in buildings. 1,384 young people took part in OTW 2022 across the three locations. 81% of these attendees were from economically disadvantaged backgrounds. **[Read the full case study here.](#)**

FUNDRAISING HIGHLIGHTS

£7,016 raised for Make-A-Wish

In September, thirty of our corporate partners came together with our staff team to take part in a variety of games and raise money for the Make-A-Wish foundation who create life-changing wishes for children with critical illnesses.

The charity team building day was full of fun, with teams taking part in a wide variety of challenging 'It's a Knock-Out' games that tested them to the full.

We would like to extend a huge thanks to everyone who took part in the games and to those who sponsored a team, donated or brought raffle tickets, including:

Collins Wealth Management
Equitix
Broad Access Services Ltd
Integral UK Ltd
Flora & Co Associates Ltd
Addleshaw Goddard
FES Group
Mitie
Bellrock Property & Facilities Management
Liza Korneliussen, Liza K HR Solutions
Galliford Try
CW Architects
Russ Magnall
Altair Development and Real Estate LLP
Corstorphine & Wright

The Power of Partnership

We work with NHS and Local Authorities to plan, deliver, and maintain the highest quality health and public buildings that serve the needs of communities, now and in the future.
